## About the Major

Students pursuing the Bachelor of Music (B.M.) in Music Performance (<http://catalog.ysu.edu/undergraduate/colleges-programs/college-creative-arts-communication/school-music/music-performance/>) in Piano have a broad range of world-class performance opportunities that include diverse repertoire and provide professional training as soloists and collaborators. Examples include solo recitals, concerto competitions, large and small ensembles, and contemporary ensembles. Chamber Ensembles provide students the chance to form groups that explore varied literature and entrepreneurship, and many groups actively play gigs and concerts throughout the region.

Our students regularly win regional, national, and international recognition as performers and garner competition awards. They routinely perform as artists and chamber musicians at summer music festivals in the U.S. and abroad and are accepted to prestigious graduate programs around the country and across the globe.

## Learning Outcomes

The student learning outcomes for the major in music are as follows:

- Students will perform a public recital in their applied area.
- Students will analyze music, discriminate pitch, harmony, and rhythm, and perform harmonic progressions at the piano.
- Students will demonstrate critical thinking about the various historical periods, cultural contexts, and social forces that influence musical activity.
- Students will demonstrate basic keyboard proficiency, including scales, arpeggios, harmonization, repertoire, transpositions, and score reading.
