

BACHELOR OF SCIENCE IN BUSINESS ADMINISTRATION IN BUSINESS ADMINISTRATION

Business Administration

Business Administration is a broad business aspect of the management of a company, division of a company, department, or other entity within the organization. Business management is carried out through four main aspects: planning, organizing, leading, and controlling. Strong communication skills and critical thinking are very important in the field of business administration. Duties of a business administrator include working in groups with professionals from various backgrounds from within and outside the company to develop and achieve company goals.

Business Administration majors at Youngstown State University take courses in management, accounting, finance, and marketing. Specialization areas include enterprise resource planning, management information systems, human resource management, international business, and entrepreneurship.

career opportunities

Business Administration is a wide field that incorporates a variety of occupations, especially in the area of management, supervision, and leadership. Managers are needed in all aspects of the workforce including corporations, small businesses, healthcare, facilities, government, and nonprofit organizations.

student experiences

Business Administration majors at Youngstown State University have the opportunity to build their leadership skills through various WCBA student organizations. (<http://www.ysu.edu/academics/williamson-college-business-administration/student-organizations-and-experiences>)
