MASTER OF SCIENCE IN EDUCATION – SPECIAL EDUCATION

Introduction
The master’s degree program in special education provides advanced cognitive and educational skills for those who are presently working or expect to work as clinical/developmental personnel serving individuals with exceptionalities or as supervisors of special education programs. This degree program prepares candidates for work as an intervention specialist. Candidates will be introduced to advanced and in-depth teaching strategies which will provide understanding and provide the ability to implement tools as an intervention specialist working with learners with significant disabilities and exceptionalities.

Welcome
Our program is designed to prepare graduates with the knowledge, skills, and dispositions to best serve in schools and agencies in the area. Our accredited Special Education program seeks to meet the educational and service needs of Northeast Ohio and Western Pennsylvania. Our program is exemplified by the quality and diversity of classroom instruction, field experiences, program options, student, faculty, and graduates in the community. We have a long history of producing graduates who have served the area as Special Education teachers, Intervention Specialists, and Special Education Professionals. We have a strong connection with our alumni, program supervisors, schools and agencies, and others who support students with exceptional learning needs in the Youngstown area.

Undergraduate and graduate candidates will find a unique educational experience that prepares them for employment and/or advanced study in Special Education. For more information, review our website and contact Special Education faculty with any questions.

For more information contact the Department Office at 330-941-3251 or visit the Department of Teacher Education (http://catalog.ysu.edu/undergraduate/colleges-programs/college-education/department-teacher-education).

Mission
The Special Education Program supports the mission of both Youngstown State University and the Beeghly College of Education through our work to:

• Prepare outstanding potential special education teachers by providing a rigorous educational program that is contemporary in its approaches, up to the minute in its content base knowledge, based upon didactic learning and practical experience and requiring demonstrated competency prior to graduation;
• Foster and require community and school based practicum experiences that involve the candidate developing cultural awareness and the acceptance of the diversity;
• Encourage candidates to expand their learning experiences through volunteerism by identifying campus and community opportunities for such practices;
• Connect candidates with community leaders and current practitioners in the field via guest lecturers and campus and community based presentations as a means of enhancing candidates’ learning and advancing their awareness of the cultural and economic life of the community;
• Extend the University’s efforts in advancing the intellectual and economic life of the state and region by providing advanced education and degrees to enable practitioners in the field to expand their knowledge base, meet the ever changing federal and state requirements to maintain licensure or certification in their field, and improve the economic status of those practitioners through acquisition of advanced degrees.

Accreditation
The Master of Science - Special Education graduate degree program is accredited by the National Council Association of Teacher Education (NCATE). Our last campus visit was March 20-24, 2010. Our next campus visit is scheduled for April 2, 2017. To contact our accreditation body, please go to: www.caepnet.org.

Both the Intervention Specialist Mild/Moderate Disabilities and the Autism & Related Disabilities Option (Moderate/Intensive Disabilities) Program) Special Education Graduate Programs have received full recognition from the Council for Exceptional Children (CEC) https://www.cec.sped.org.

Graduate Faculty
