Course Description

7060A. Clinical Experience: Health and Human Services. The clinical practice for Health and Human Service Leaders is an intensive, 21-week, field-based experience that expands the candidate's awareness of the nature, characteristics and demands associated with senior leadership roles in HHS organizations. It provides an opportunity to apply administrative theories, concepts, and best practices under the mentorship of a veteran on-site administrator and a university supervisor. To satisfy the Ed.D. Clinical requirement, HHS candidates must enroll in EDAD 7060 for three 7-week terms.
