Course Description

8142. Educational Problem Solving and Ethical Decision Making. This course will teach students how to make competent leadership decisions by applying and enforcing ethical standards with followers. Ethics is at the heart of leadership. Leaders must make every effort to make ethical decisions and foster ethical behavior among followers. In this course students will explore the ethical demands of leadership. We draw from many fields of research to help students make ethical decisions, lead with integrity, and create an ethical culture. This course is designed to increase students' ethical competence and leadership abilities. 3 s.h.
