

# NURS 6901 - Theoretical Foundations in Science and Research

Fall 2026 Syllabus, Section A03, CRN 42560,

Credit hours: 3

## Instructor

**Kristina Nappi**

Email: knappi@ysu.edu

## Public Instructor Information

Instructor Title: Dr Kristina Nappi

Instructor Professional Qualifications: EdD in Nursing Education - University of Alabama

Master in Nursing, Family Nurse Practitioner (MSN-FNP) University of Tampa

Bachelor of Science in Nursing (BSN)- Kent State University

Instructor Office Location: James and Coralie Centofanti School of Nursing

Instructor Office Phone: Please contact me directly from your YSU email to my YSU email  
(not through Blackboard email or Blackboard messages)

## Course Description

6901. Theoretical Foundations in Science and Research. Analysis of health-related evidence to continuously improve quality of practice. Exploration of the significance of theory, research and research methods and strategies for translating evidence into practice. Research design, instrumentation, data collection methods, statistical analysis, data analysis and data interpretation will be discussed. Prereq.: Nursing graduate status. 3 s.h.

Analysis of health-related evidence to continuously improve quality of practice. Exploration of the significance of theory, research and research methods and strategies for translating evidence into practice. Research design, instrumentation, data collection methods, statistical analysis, data analysis and data interpretation will be discussed.

Prerequisites: Graduate nursing program status.
