The course readings are based on the current edition of the course textbooks. Students are responsible for all assigned course readings as specified in the Tentative Course Schedule of this syllabus. Classroom lecture, PowerPoint presentations, and study guides are based on the course readings. Additional information, examples, and images in the assigned course readings supplement and reinforce the classroom activities and provide deeper understanding and learning. Assessment questions may be based on all course readings and content; therefore, preparation should be comprehensive.

The course readings are subject to change in the event of extenuating circumstances, research developments, current events, and/or to ensure better learning.
