Course Description

7047. Family Nurse Practitioner 3 . Knowledge, advanced skills and professional behaviors required to provide comprehensive and holistic care to a culturally diverse population across the lifespan. Emphasis is on health promotion, illness prevention, disease detection, and identification and management of health problems. Focus is on clinical manifestations of and patient response to acute and chronic health problems (e.g. renal,

gastrointestinal, integumentary, etc.) with emphasis on diagnosing and planning of patient care needs, health promotion and health maintenance.
Prereq.: NURS 7046. 3 s.h.
