

BACHELOR OF SCIENCE IN APPLIED SCIENCE LONG TERM CARE ADMINISTRATION

The Bachelor of Science in Applied Science degree in Long-Term Care Administration prepares students to become specialized, self-critical, accountable administrators in long-term care facilities. Facilities may include home and community-based care, assisted living, nursing homes, hospices, and related health care industries.

Students must complete all required coursework for the university and major and have:

- an overall GPA of 2.25
- a "C" or better in all courses in the major
- 1000 hours in an approved internship
- 48 hours of upper-division courses
- 130-132 hours of coursework overall

A minor is not necessary for this major and the requirements for the 21-semester hour Certificate in Applied Gerontology are fulfilled within the major.
