BACHELOR OF ARTS IN ANTHROPOLOGY

A major in anthropology can take several directions. As the study of humankind, a background in anthropology can be immediately useful in many careers such as business, government, law, elementary and secondary education, urban affairs, administration, and industry (http://www.americananthro.org/AdvanceYourCareer/Content.aspx?ItemNumber=1783). Others can use the bachelor's degree as a first step in acquiring an advanced degree and ultimately teaching and doing research at the college or university level.

INTERNSHIPS AND FIELDWORK IN ANTHROPOLOGY

Internships are uncommon in Anthropology. However, fieldwork and other hands-on opportunities are available to all Anthropology majors. Anthropology majors may have the opportunity to apply their knowledge during an internship at the Mahoning County Coroner’s Office or through fieldwork and laboratory analyses locally, in Guatemala, in the Bahamas, and elsewhere.

To earn the BA degree the student must satisfy all the degree requirements in the College of Liberal Arts and Social Sciences and take 40 semester hours of courses from the Anthropology curriculum. Required courses are:
